Siddhartha Mishra

(413) 522-8842 • im.siddhartha.mishra@gmail.com • mishra-sid.github.io • sidmishra97

Education

University of Massachusetts Amherst **MA, US**
MS in Computer Science, 4.0/4.0 GPA *Jan 2021 - Sept 2022*
Courses: Probabilistic Graphical Models, Advanced Natural Language Processing, Reinforcement Learning, Intelligent Visual Computing, Machine Learning, Algorithms for Data Science, Distributed Systems

Indian Institute of Technology **Hyderabad, India**
B.Tech. in Computer Science and Engineering, 8.78/10 GPA *Aug 2015 - May 2019*
Courses: Deep Learning, Bayesian Data Analysis, Theory of Learning and Kernel Methods, Data Mining, Information Retrieval, Approximation Algorithms

Publications

Benchmarking Generalization via In-Context Instructions on 1,600+ Language Tasks
*Yizhong Wang, Swaroop Mishra, ..., **Siddhartha Mishra**, and 37 others* ***EMNLP 2022***

Word2Box: Capturing Set-Theoretic Semantics of Words using Box Embeddings
*Shib Dasgupta, **Siddhartha Mishra**, Michael Boratko, ..., Dhruvesh Patel, Andrew McCallum* ***ACL 2022***

An Evaluative Measure of Clustering Methods Incorporating Hyperparameter Sensitivity
Siddhartha Mishra**, Nicholas Monath, Michael Boratko, Ari Kobren, Andrew McCallum* ***AAAI 2022

Experience

Amazon Alexa NLU
Applied Scientist Intern *Aug 2022 - Present*
- Working on an effective zero-shot semantic parsing framework utilizing grammars for constrained decoding with large language models. [*PyTorch, Huggingface*]

Amazon Alexa AI
Graduate Student Researcher *Jan 2022 - Aug 2022*
- Proposed a parameter-efficient model that improves the domain adaptation of large language models in Natural Language Understanding tasks using Continuous Prompt tuning methods.
- Obtained 8-17% improved performance over prompting baselines on different tasks in GLUE/SuperGLUE benchmarks. Improved performance upto 21% in low resource domains of intent classification datasets. [*PyTorch, Huggingface, AllenNLP*]

Information Extraction and Synthesis Lab, UMass Amherst
Summer Research Intern, Prof. Andrew McCallum *May 2021 - Sep 2021*
- Formulated geometric region-based embeddings for representing words using n-dimensional hyper-rectangles trained with a CBOW objective on the Wikipedia corpus.
- Obtained 3 - 15% improved performance on Word similarity benchmarks over vector-based baselines and qualitatively evaluated the set-theoretic expressivity. [*PyTorch, Huggingface, AllenNLP*]

Goldman Sachs Private Ltd
Analyst (Machine Learning Engineer) *May 2019 - Dec 2020*
- Worked in Enterprise Machine Learning platform team on metric analysis, models for alert prediction and automatic resolution using serverless frameworks. [*TensorFlow, AWS Lambda*]
- Maintained dashboards for monitoring real-time alerts and managed model deployment pipeline. [*Prometheus, Grafana, Kubernetes*]
- Improved performance of search queries by 25% in Big data log analysis platform by migrating to Elastic Stack. [*Elasticsearch, Kibana, ReactJS*]

Technical skills

- **Languages** `Python, C/C++, Go, Java, MATLAB`
- **ML/Data Science** `PyTorch, Tensorflow, JAX, AllenNLP, Spacy, Huggingface, NumPy, Pandas`
- **Web** `Angular, React, NodeJS, Django, MongoDB`
- **Devops/Tools** `Docker, Kubernetes, Prometheus, Grafana, Kafka, Kibana, Elasticsearch`

Academic Service

- **Program Committee/Reviewer:** AAAI 2023, EMNLP 2022
- **Teaching Assistant:** *Machine Learning* (Fall 2021), *Statistics* (Spring 2019), *Computer Networks-I* (Fall 2018), *Probability* (Fall 2017)

Academic Achievements

- Academic Excellence Award for the highest GPA in the Department for the Academic year 2016-2017 and graduated 2^{nd} in class.
- Qualified for ACM ICPC Amritapuri regionals and Kharagpur regionals 2017. Secured 30^{th} position among 265 teams in Amritapuri regionals 2017.
- Winner of "Honeywell Machine Learning Hackathon 2019" for the task of Automated Feature Extraction of Cockpit Images in Aircrafts.
- KVPY Fellowship by Indian Institute of Science, Bangalore; secured All India Rank 210 *(out of 20000 candidates)*.
- 97.66 percentile in JEE Advanced *(out of 150,000 candidates)*.
- Qualified for Indian National Mathematics Olympiad securing All India Rank 7 *(out of 20000 candidates)*.
